

## WATER ART

### RAINBOW BUBBLES

- Put a few drops of food colouring into different puddles.
- Add a squirt or two of washing up liquid.
- Blow through a straw and watch the colourful bubbles explode up from the puddles.

### MATERIALS NEEDED

#### RAINBOW BUBBLES

- Food colouring
- Washing up Liquid
- Straw

#### RAIN ART

- Paper plates
- Food colouring

### RAIN ART

- Take a paper plate and sprinkle a few drops of different colours of food colouring on it.
- As the rain hits the plate, swirls of colour form.
- Just like a snowflake, no two plates will ever be the same.

- You can still have a 'splashing' time outside, even if it is raining.
- Put your waterproofs and wellies on and have some fun! They don't have to resemble anything in particular!
