

THREADING

Creativity, Fine Motor Skills, Recycling

INTRODUCTION

This is a great activity using recycled materials, that helps young children develop their fine motor skills, hand-eye coordination and concentration skills through threading.

WHAT WE NEED

- Empty toilet rolls
- Straws or Shoelaces
- Hole Punch or Pencils
- Optional - Paint

WHAT TO DO

- Cut the paper rolls in half
- Make holes in the roll using a hole punch or pencil
- Thread the straws or laces through the holes
- Paint and decorate
