

SOCK PUPPETS

CREATIVE FUN!

INTRODUCTION

Make your very own sock puppets and put on a puppet show for the whole family.

WHAT WE NEED

- An old sock, some pieces of fabric and some buttons
- Felt pens & scissors
- PVA Glue
- Needle & Thread (optional)

WHAT TO DO

Encourage the child to create their puppet the way they want it to look. It could have ears, a nose, eyes, arms, legs, or even spikes.

Use glue to stick on the additional features and allow this to dry before use.

Place hand inside sock and create a mouth using your fingers and thumb.
