

SCAVENGER HUNT

SEARCHING HIGH AND LOW

INTRODUCTION

Search high and low for a list of items that can be played indoors or outdoors. This game can be made as simple or hard as you want.

WHAT WE NEED

- Paper
- Pencil or pen
- Camera optional

WHAT TO DO

Write out a list of items for your children to search for. You can list specific items like, a book, a Lego piece, a doll etc. Or you could ask them to find something shiny that feels rough or smooth, or is soft. That will allow them to be really creative.

If playing outside you might want them to take a picture of what they find rather than picking it up.
