

FUN PAINTING 2

Creative group activities

INTRODUCTION

This is part two of our fun painting activities for children.

WHAT WE NEED

Marble Painting:

- A regular tray
- Paint
- Marbles
- Ice cube tray

WHAT TO DO

Cut a piece of paper to fit in the bottom of a shoe box lid or something similar. Then, place the different colours of paint into the compartments of an old ice cube tray. Once you've done that, place a marble into each compartment. Place a paint covered marble in the tray and roll it around the paper to create a pattern. Repeat this using different colours.
