

STICK MAN

Nature Craft

INTRODUCTION

This activity is a great prop to use for outdoor activities, starting with a walk in the woods to find some sticks, talking about the trees the sticks come from, and about the people we interact with, and finally creating stick versions of them.

WHAT WE NEED

- Sticks
- Knitting Wool
- Glue
- Googly eyes (or white paper to draw eyes on)

WHAT TO DO

- Collect some sticks
- Cut the wool and stick on as hair, wrapping around the stick as clothes too
- Stick on the eyes
