

SMALL WORLD PLAY

CREATIVE & IMAGINATIVE PLAY

INTRODUCTION

There are endless possibilities when creating a small world. Use the child's interests to build a world that suits them.

WHAT WE NEED

- A baking tray or shallow box
- Soil, compost or sand
- Pebbles, pine cones, sticks
- Toy figures

WHAT TO DO

Decide on your small world's theme and fill your container with materials and figures to match the theme.

Here are some ideas:

Farm – Add toy animals and tractors, you could use a green towel for the grass.

Beach – Add sand, shells, driftwood, sea creatures and a bucket & spade.
