

Musical Mittens

Music at Your Fingertips

INTRODUCTION

Got old gloves lying around from the winter? Here's how to transform them into cool musical mittens.

WHAT WE NEED

- An old pair of mittens (or 2 odd ones!)
- A needle and thread
- Small bells and buttons
- Scissors

WHAT TO DO

Sew a small bell firmly to each finger of your mittens.

Add buttons to decorate (how about two eyes, a nose and a mouth to make a face?)

Put on the gloves, shake and clap your hands to make music.
